

2017 Open Enrollment!

ELC is a non-profit community preschool, serving children ages 3 to 5. We use an approach that purposefully blends child-initiated and teacher-guided learning experiences and values to support the development of the whole child in social-emotional, character, cognitive, creative, and physical areas. Our focus is always on what will best serve the needs of our children and families with an eye on innovation and advocacy for quality early education for all children. ELC is located in Greenwood at Northeast Elementary School and Westwood Elementary School (1/2 day only).
