Student/Parent Handbook

For

Greenwood Elementary Schools

Welcome to Greenwood Community Schools. We are pleased to have you as a part of our learning community and will do our best to help make your experience as productive and successful as you wish to make it. To help provide a safe and productive learning environment for students, staff, parents, and visitors, this Student/Parent Handbook is updated annually to explain students' rights, responsibilities and consequences for misbehavior. Parents are encouraged to take time to review and discuss the information in this Handbook with their school-age children. Teachers will also review this Handbook with students at the beginning of the school year.

Thank you for taking the time to become familiar with the important information in this Handbook. If you have any questions, please contact the school.

FOREWORD

This Student Handbook was developed to answer many of the commonly asked questions that you and your parents may have during the school year and to provide specific information about certain Board policies and guidelines. Please take time to become familiar with the following important information contained in this Handbook and keep the Handbook available for frequent reference. If you have questions that are not addressed in this Handbook, you are encouraged to talk to the principal, who you will find listed in the Staff Directory section of the handbook. This Handbook replaces all prior handbooks and other written material on the same subjects. This Handbook does not equate to an irrevocable contractual commitment to the student, but only reflects the current status of the Board's policies and the School's rules. If any of the policies or administration guidelines references herein are revised after board approval, the language in the most current policy or administrative guideline prevails. Copies of current Board policies and administrative guidelines are available from the building principal and on the Corporation's web site.

MISSION OF THE SCHOOL

The mission of Greenwood Community School Corporation is to continuously improve the system of teaching and learning that results in increased achievement in all students.

EQUAL EDUCATION OPPORTUNITY

It is the policy of this Corporation to provide an equal education opportunity for all students.

Any person who believes that the School or any staff person discriminated against a student on a basis of race, color, creed, age, disability, religion, gender, ancestry, national origin, place of residence within the boundaries of the Corporation, or socio economic background, has the right to a complaint. A formal complaint may be made in writing to the School Corporation's Compliance Officer.

STUDENT RIGHTS AND RESPONSIBILITIES

The rules and procedures of the School are designed to allow each student to obtain a safe, orderly, and appropriate education. Students can expect their rights will be protected and that they will be treated

with fairness and respect. Likewise, students will be expected to respect the rights of their fellow students and the staff. Students will be expected to follow staff members' directions and obey all school rules. Disciplinary procedures for severe infractions are designed to ensure due process (notice and a fair hearing) before a student is disciplined because of his/her behavior.

Parents have the right to know how their child is succeeding in school and will be provided information on a regular basis and as needed, when concerns arise. Many times it will be the responsibility of the student to deliver that information. If necessary, the U.S. Mail or hand delivery may be used to ensure contact. Parents are encouraged to establish constructive communication channels with their child's teacher and support staff and to inform the staff of suggestions or concerns that may help their child better accomplish his/her education goals.

The staff expects students to arrive at School prepared to learn. It is the student's responsibility to arrive on time and be prepared to participate in the educational program. If, for some reason this is not possible, the student should seek help from the principal or designee.

STUDENT WELL-BEING

Student safety is a responsibility of the students and the staff. All staff members are familiar with emergency procedures such as evacuation procedures, fire and tornado drills, safety drills in the event of a terrorist or other violent attack, and accident reporting procedures. Should a student be aware of any dangerous situation or accident, she/he must notify any staff person immediately.

All students must have an emergency medical form completed, signed by a parent or guardian, and filed in the School office.

Students with specific health care needs should submit those needs, in writing and with proper documentation by a physician, to the School office.

INJURY AND ILLNESS

All injuries must be reported to a teacher or the office. If minor, the student will be treated and may return to class. If medical attention is required, the office will follow the School's emergency procedures and attempt to make contact with the student's parents. School insurance information is no longer available at registration. Families may inquire about school insurance via the Greenwood Community Schools web site. Purchase of the insurance is optional.

A student who becomes ill during the school day should request permission from the teacher or staff to go to the health room or office. The health room or office will determine whether or not the student

should remain in school or go home. No student will be released from school without proper parental permission.

SECTION I- GENERAL INFORMATION

ENROLLING IN THE SCHOOL

Students are expected to enroll in the attendance corporation in which they have legal settlement, unless other arrangements have been approved. Students that are new to the School are required to enroll with their parents or legal guardian. When enrolling, the parents will need to bring:

- A. a birth certificate or similar document;
- B. Court papers allocating parental rights and responsibilities, or custody (if appropriate);
- C. Proof of residency, (no homeless child will be denied enrollment based on lack of proof of residency);
- D. Proof of immunizations.

In some cases, a temporary enrollment may be permitted. In such cases, parents will be notified about documentation required to establish permanent enrollment.

Students enrolling from another accredited school must have an official transcript from the sending school in order to receive credit from that school. Office personnel will assist in obtaining the transcript, if not presented at the time of enrollment.

Homeless students who meet the Federal definition of homeless may enroll and will be under the direction of the Corporation Liaison for Homeless Children with regard to enrollment procedures.

Non-resident students should refer to the Corporation Policy for eligibility requirements to enroll. Information about transfer applications are available through the Greenwood Community Schools web site.

SCHEDULING AND ASSIGNMENT

The Principal will assign each student to the appropriate classroom and the program in which the student will be participating. Any questions or concerns about the assignment should be discussed with the Principal.

EARLY DISMISSAL

No student may leave School prior to dismissal time without a written request signed by parent or guardian. No student will be released to a person other than a custodial parent(s) or guardian(s) without a permission note signed by the custodial parent(s) or other legal authorization.

EARLY ARRIVAL

For safety reasons, parents are not permitted to “drop” students off before the first bell. No supervision is available until after the first bell. Students arriving before the first bell must wait **with a parent or guardian** in designated areas until the first bell rings.

TRANSFER OUT OF THE CORPORATION

If a student plans to transfer from the school, the parent must notify the Principal. School records shall be transferred within fourteen (14) days to the new school corporation. Parents are encouraged to contact the School office for specific details.

HEARING AND VISION SCREENINGS

Periodically throughout the school year, hearing and vision screenings will be conducted. Hearing screenings are conducted of all students in Grade 1, Grade 4, and students new to the School. Vision screenings will be conducted of all students in Kindergarten, Grade 3, and Grade 5. Vision screenings will also be conducted of students in Grade 1 who are new to the school. Parent(s) or guardian(s) may request in writing that this testing not be completed on their child. This request must be in writing. All requests should be sent to the School’s main office by the first day of school.

IMMUNIZATIONS

Students must provide documentation that complies with the rules set forth by the Indiana State Board of Health that all immunizations required by law are current; including but not limited to poliomyelitis, measles, diphtheria, rubella, pertussis, tetanus, and mumps, or have an authorized exemption from the State immunization requirements (I.C. 20-8.1-7-9.5). Every student who enters kindergarten or grade 1 shall be immunized against hepatitis A, hepatitis B, diphtheria, tetanus, pertussis, polio, measles, mumps, rubella and chickenpox. Every child who enters grades 6-12 shall also have a meningococcal vaccine. From time-to-time other communicable diseases may be designated by the State Board of Health as diseases that require immunizations. For the safety of all students, the school principal may remove a student from school or establish a deadline for meeting State requirements if a student does not have the necessary immunizations or authorized exemption. In the event of a chicken pox epidemic, the Superintendent may temporarily deny admission to a student otherwise exempted from the chicken pox immunization requirement. Any questions about immunizations or exemptions should be directed to the Corporation Nurse.

Information concerning meningococcal disease (meningitis) and its vaccine shall be provided to students and parents at the beginning of the school year. The information must include information concerning the causes, symptoms and spread of meningococcal diseases and places where parents may obtain additional information and vaccinations for their children.

USE OF MEDICATION

In those circumstances where a student must take a prescribed medication during the school day, the following guidelines are to be observed.

- A. Parents should, with their physician's counsel, determine whether the medication schedule can be adjusted to avoid administering medication during school hours.
- B. The Medication Request and Authorization Form must be filed with the respective building Principal before the student will be allowed to begin taking any medication during School hours.
- C. All medication must be registered with the Health Clerk.
- D. Medication that is brought to the office will be properly secured
 - a. Medication may be conveyed to School directly by the parent or transported by transportation personnel (bus driver and/or bus aide) at parent request. This should be arranged in advance. A two to four (2-4) week supply of medication is recommended.
 - b. Medication **MAY NOT** be sent to School in a student's lunch box, pocket, or other means on or about his/her person, except for emergency medications for allergies and/ or reactions.
- E. Students who may require administration of an emergency medication may have such medication stored in the Health Room. However, if authorization for self-medication has been provided by the parent and physician the student may retain possession of the self-administered medications.
- F. Medication that is possessed by a school for administration during school hours or at school functions, for students in grades K-8 may be released only to the student's parent or to an individual who is eighteen (18) years of age or older and who has been designated, in writing, by the student's parent to receive the medication.
- G. Any unused medication unclaimed by the parent will be destroyed by School personnel when a prescription is no longer to be administered or at the end of the School year.
- H. The parents shall have sole responsibility to instruct their child to take the medication at the scheduled time.
- I. A log for each prescribed medication shall be maintained which will note the personnel giving the medication, the date, and the time of day. This log will be maintained along with the physician's written request and the parent's written release.

Non-prescribed (Over the Counter) Medications

No staff member will be permitted to dispense non-prescribed, over the counter (OTC) medication to any student.

Parents may authorize the School to administer a non-prescribed medication using a form which is available at the School Office. A physician does not have to authorize such medication but all of the other conditions described above under Prescribed Medications will also apply to non-prescribed medications. The student may be authorized on the request form by his/her parent to self-administer the medication in the presence of a School staff member. No other exceptions will be made to these requirements.

A diabetes management and treatment plan shall be prepared and implemented for a student with diabetes for use during school hours or at a school related event or activity. The plan shall be developed by the licensed health care practitioner responsible for the student's diabetes treatment and the student's parent/ legal guardian.

ILLNESS

If your child is ill, please keep him/her home to avoid exposing others to their illness. If your child has a fever of 100 degrees or more, he/she must remain home until he/she is **fever-free for 24 hours without** the use of fever reducing medications, such as Tylenol or Advil/Ibuprofen. The parent/guardian is responsible for transporting the student if he/she becomes ill and may designate a person for this task if parent/guardian is unable to pick the student up.

Any skin rash of unidentified origin is referred for a physician's opinion and the child must be excluded from school until a doctor's statement to return to school is provided. Many contagious conditions present with a rash and therefore, for the health and well-being of our staff and students, we must treat these situations conservatively.

Pink Eye/Conjunctivitis is a highly contagious common childhood illness. It is more common at the elementary level than high school; however, we see a few cases every year. Students are excluded from school with symptoms of red, irritated, itchy eye(s) until a physician's evaluation. Once the diagnosis of pink eye is made and the recommended number of antibiotic eye drops used, the student may return to school.

CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES AND PESTS

Because a School has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The School's professional staff has the authority to remove or isolate a student who has been ill or has been exposed to a communicable disease or high-transient pest, such as lice or bed bugs.

However, according to the recommendations from the Indiana State Department of Health and the federal Center for Disease Control and Prevention, students should not be excluded from school for having head lice, as the management of head lice should not disrupt the educational process of the child. The need to exclude students from school will be determined on a case by case basis.

Any removal will be limited to the contagious period or requirements specified in the school's administrative guidelines, including proof of treatment.

For more information, please visit the following websites:

www.cdc.gov/parasites/lice/head/schools.html

www.in.gov/isdh/23308.htm

Specific diseases include: diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the Local and State Health Departments.

CONTROL OF NONCASUAL-CONTACT COMMUNICABLE DISEASES

The Corporation has an obligation to protect staff and students from non-casual-contact communicable diseases. When a non-casual-contact communicable disease is suspected, the staff or student's health will be reviewed by a panel of resource people including the County Health Department. The School will protect the privacy of the person affected and those in contact with the affected person. Students and staff will be permitted to remain in school unless there is definitive evidence to warrant exclusion.

Non-casual contact communicable diseases include sexually transmitted diseases, AIDS, ARC-AIDS Related Complex, HIV, Hepatitis B, and other diseases that may be specified by the State Board of Health.

As required by Federal law, parents will be requested to have their child's blood checked for HIV or HBV when the child has bled at School and students or staff members have been exposed to the blood. Any testing is subject to laws protecting confidentiality.

SPECIAL EDUCATION

The American's with Disabilities Act (A.D.A.) and Section 504 of the Rehabilitation Act prohibit discrimination against persons with a disability in any program receiving Federal financial assistance. This protection applies not just to students but all individuals who have access to the Corporation's programs and facilities.

The law defines person with a disability as anyone who:

- A. Has a mental or physical impairment that substantially limits one or more major life activities;
- B. has a record of such an impairment; or
- C. is regarded as having such an impairment.

The Corporation has specific responsibilities under these two laws, which include identifying, reviewing and if the child is determined to be eligible, affording access to appropriate educational accommodation.

Students are entitled to a free appropriate public education in the "least restrictive environment." The School provides a variety of special education programs for students identified as having a disability as defined by the Individuals with Disabilities Education Act (IDEA).

A student can access special education services only through the proper evaluation and placement procedure. Parent involvement in this procedure is required. More importantly, the School encourages the parent to be an active participant. To inquire about the procedure, a parent should contact the building principal.

Students with disabilities who do not qualify through IDEA may be served within the regular education program with an accommodation plan developed through an interactive dialogue between the School and the student's parent(s). Parents who believe their child may have a disability that interferes substantially with the child's ability to function properly in School should contact the building principal.

HOMELESS STUDENTS

Homeless students will be provided with a free and appropriate public education in the same manner as other students served by the Corporation. Homeless students are eligible to receive transportation services, participate in education programs for students with disabilities or limited English proficiency, participate in high ability programs, and receive meals under school nutrition programs. Homeless students will not be denied enrollment based on lack or proof of residency. For additional information contact the District Administration Office.

PROTECTION AND PRIVACY OF STUDENT RECORDS

The Corporation maintains many student records including both directory and confidential information. Each year the Superintendent shall provide public notice to students and their parents of the Corporation's intent to make available, upon request, certain information known as "directory information". The Board designates as student "directory information": a student's name; address; telephone number; photograph; date and place of birth; participation in officially recognized activities and sports; height and weight, if a member of an athletic team; dates of attendance; awards received; listing on an honor roll; or scholarships.

Directory information shall not be provided to any organization for profit-making purposes. The Superintendent may allow access to a school campus or give students' directory information to organizations that make students aware of educational or occupational options.

Parents and eligible students may refuse to allow the Corporation to disclose any and all of such "directory" information upon written notification to the Corporation within ten (10) days after the receipt of the Handbook. For further information about the items included within the category of directory information and instructions on how to prohibit its release you may consult the Board's annual Family Education Rights and Privacy Act (FERPA).

Confidential records include test scores, psychological reports, behavioral data, disciplinary records, social security numbers, and communications with family and outside service providers.

Students and parents have the right to review and receive copies of all educational records. Costs for copies of records may be charged to the parent. To review student records please provide a written notice identifying requested student records to the school office.

Parents and adult students have the right to amend a student record when they believe that any of the information contained in the record is inaccurate, misleading or violates the student's privacy. A parent or adult student must request the amendment of a student record in writing and if the request is denied, the parent or adult student will be informed of his/her right to a hearing on the matter.

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as a part of the school program or the Corporation's curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an emancipated minor, his/her parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

- A. Political affiliation or beliefs of the student or the student's parents;
- B. mental or psychological problems of the student or the student's family;
- C. sex behavior or attitudes;
- D. illegal, anti-social, self-incriminating or demeaning behavior;
- E. critical appraisals of other individuals with whom respondents have close family relationships;

- F. legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers;
- G. religious practices, affiliations, or beliefs of the student or his/her parents; or
- H. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent will have access to the survey/evaluation within a reasonable period of time after the request is received by the principal. The information a parent may access includes:

- A. Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information or otherwise providing that information to others for that purpose; and
- B. the administration of any survey by a third party that contains one or more of the items described in A through H above.

The Family Policy Compliance Office in the U.S. Department of Education administers both FERPA and PPRA. Parents and/or eligible student who believe their rights have been violated may file a complaint with:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW 20202-4605
www.ed.gov/offices/OM/fpco

Informal inquiries may be sent to the Family Policy Compliance Office via the following e-mail addresses:

FERPA@ED.Gov; and
PPRA@ED.Gov.

STUDENT FEES AND CHARGES

The Greenwood Community School Corporation charges specific fees for the following activities and courses. Such fees and charges are determined by the cost of materials, freight/handling fees, and add-on fees for loss or damage to School property. The School and staff do not make a profit.

Charges may also be imposed for loss, damage or destruction of school apparatus, equipment, musical instruments, library materials, textbooks, and for damage to school buildings or property. Students using property and equipment can be fined for excessive wear and abuse of the property and equipment.

TEXTBOOK RENTAL FEES

Textbook rental fees are updated annually. Refer to student registration information for this year's fees.

STUDENT FUND-RAISING/SALES

Students participating in School-sponsored groups and activities will be allowed to solicit funds from other students, staff members, and members and members of the community in accordance with School guidelines. Students may not sell any items or service in school without the prior approval of the school board. Violation of this policy may lead to disciplinary action.

STUDENT VALUABLES

Students are encouraged to NOT bring items of value to School. Items such as jewelry, expensive clothing, electronic equipment, toys, and the like (trading cards), are tempting targets for theft and extortion. The School cannot be responsible for their safe-keeping and will not be liable for loss or damage to personal valuables.

MEAL SERVICE

All Greenwood Elementary Schools offer breakfast for students. The School participates in the National School Lunch Program and makes lunches available to students. Students may also bring their own lunch to school to be eaten in the School's cafeteria. Applications for the School's Free and Reduced-Priced meal program are available to all students. If a parent/guardian does not receive one and believes that s/he is eligible, contact the school office.

An elementary student is allowed to charge NO MORE than TWO meals. After the second meal is charged, the student will be given a peanut butter sandwich or a cheese sandwich and milk at no cost. It is strongly encouraged that parents/guardians make meal payments in advance. There will be no charges the last week of school.

NO CHARGES ARE ALLOWED FOR BREAKFAST.

In accordance with Federal Law and U.S. Department of Agriculture policy, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, age, or disability.

To file a complaint of discrimination, write USDA, Director, Office of Adjudication, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410 or call (866) 632-9992 (Voice). Individuals who are hearing impaired or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339; or (800) 845-6136 (Spanish). USDA is an equal opportunity provider and employer.

It is the policy of the Indiana Department of Education not to discriminate on the basis of race, color, religion, sex, national origin, age, or disability, in its programs, activities, or employment policies as required by the Indiana Civil Rights Laws (I.C. 22-9-1), Title VI and VII (Civil Rights Act of 1964), the Equal Pay Act of 1973, Title IX (Educational Amendments), Section 504 (Rehabilitation Act of 1973), and the Americans with Disabilities Act (42 USCS 12101, et.seq.).

Inquiries regarding compliance by the Indiana Department of Education with Title IX and other

SOFT DRINKS-CHEWING GUM-FAST FOOD

Students are not to bring soft drinks to school. Teachers occasionally grant special permission when a class has a field trip or a special event.

Since all of the elementary schools are fully carpeted, students are not permitted to chew gum while in the school building or during recess

Parents are **not permitted to bring in “fast food”** for their child at lunch. While this may seem like a good gesture, it is often disruptive to the teacher who is supervising the lunchroom. Parents are always welcome to eat lunch with their child by purchasing an adult lunch in the cafeteria.

PARENT SUPPLIES TREATS FOR SNACKS AND CELEBRATIONS

The elementary schools require that all snacks brought to school be “store made” and in the original containers. For health and safety concerns, **ONLY STORE BOUGHT HEALTHY SNACKS WILL BE DISTRIBUTED TO STUDENTS (cupcakes, cakes, candy, and cookies are not permitted. Non-food items to share with the class are preferred. EXAMPLE: pencil, small erasers).** Birthday snacks will **ONLY** be distributed during lunch. In addition, latex balloons are not permitted. **We also ask that you do not distribute party invitations at school as this can cause a disruption in school.**

FIRE, TORNADO AND SAFETY DRILLS

The School complies with all fire safety laws and will conduct fire drills in accordance with State law. Specific instructions on how to proceed will be provided to students by their teachers who will be responsible for safe, prompt, and orderly evacuation of the building.

Tornado drills will be conducted during the tornado season using the procedures prescribed by the State law. The alarm system for tornadoes is different from the alarm system for fires.

Safety drills will be conducted throughout the school year. Teachers will provide specific instruction on the appropriate procedure to follow in situations where students must be secured in the building rather than evacuated. These situations can include a terrorist threat, a person in possession of a deadly weapon on school property, or other acts of violence.

EMERGENCY CLOSINGS AND DELAYS

If the School must be closed or the opening delayed because of inclement weather or other conditions, the School will notify radio and television stations.

It is VERY unlikely that school will ever dismiss early because of weather conditions.

PLEASE DO NOT CALL THE OFFICE TO INQUIRE IF THE SCHOOL WILL BE DISMISSING EARLY.

Parents and students are responsible for knowing about emergency closings and delays.

SCHOOL INSURANCE

School Insurance forms are no longer available at registration. You may now inquire about school insurance via the Greenwood Community Schools web site. Purchase of the insurance is optional.

SAFETY AND SECURITY

- A. All visitors must report to the office when they arrive at school.
- B. All visitors entering the building must submit identification prior to entering the school. Identification will be kept until the visitor checks out.

- C. All visitors are given and required to wear a building pass while they are in the building.
- D. All visitors are required to check out of the building when they leave.
- E. Staff members are expected to question people in the building whom they do not recognize and who are not wearing a building pass, and to question people who are “hanging around” the building after hours.
- F. Students and staff are expected to immediately report to a teacher or administrator any suspicious behavior or situation that makes them uncomfortable.
- G. All unneeded outside doors are locked during the school day.
- H. Portions of the building that will not be needed after the regular school days are closed off.
- I. If a person wishes to confer with a member of the staff s/he should call for an appointment prior to coming to the School in order to prevent any inconvenience.
- J. Students may not bring visitors to school without first obtaining written permission from the building principal.
- K. All Corporation employees are to wear photo-identification badges while in Corporation schools and offices or on Corporation property.
- L. The Corporation may utilize video surveillance and electronic monitoring in order to protect Corporation property, promote security, and protect the health, welfare, and safety of students, staff and visitors.

LOST AND FOUND

Students who have lost items should check the lost and found and retrieve their items. Unclaimed items will be given to charity at the close of the School year.

USE OF SCHOOL TELEPHONES

School telephones are not to be used for personal calls. Except in an emergency, students will not be called to the office to make or receive a telephone call.

USE OF WIRELESS COMMUNICATION DEVICES (WCD)

In order to avoid disruption of the educational environment and protect students’ right of privacy, the students are prohibited from possessing/using wireless communications devices (WCD), including camera phones, on school property, at school sponsored events, and on school buses or other vehicles provided by the Corporation. Additionally some electronic devices are prohibited. They include, but are not limited to: laser pointers and attachments, paging devices/beepers, and other devices designed to receive and send an electronic signal.

Use of a Wireless Communication Device (WCD) in an unauthorized manner or in violation of these rules may result in loss of the privilege, additional disciplinary actions (e.g., warnings, parental notification and conferences, suspension, expulsion), and confiscation of the WCD. If a WCD is confiscated, it will only be released/returned to the student's parent/guardian after the student complies with other disciplinary consequence that is imposed and/or referral to law enforcement if the violation involves an illegal activity.

The Corporation is not responsible for the loss, theft, damage, or vandalism to the student cellular telephones or WCD as well as other student property. Students and parents are strongly encouraged to take appropriate precautions to make sure the cellular telephone and WCD's are not left unattended or unsecured if students are permitted to have cellular telephones or WCD's in their possession.

"Sexting" is prohibited at any time on school property or at school functions. Sexting is the electronic transmission of sexual messages or pictures, usually through cell phone text messaging. Such conduct not only is potentially dangerous for involved students, but can lead to unwanted exposure of the messages and images to others, and could result in criminal violations related to the transmission or possession of child pornography. Such conduct will be subject to discipline and possible confiscation of the WCD.

ADVERTISING OUTSIDE ACTIVITIES

No announcements or posting of outside activities will be permitted without the approval of the Principal.

SECTION II - ACADEMICS

FIELD TRIPS

Field trips are academic activities that are held off School grounds. There are also other trips that are part of the School's co-curricular and extra-curricular program. No student may participate in any school-sponsored trip without parent consent.

- A. Attendance rules apply to all field trips.
- B. While the Corporation encourages the student's participation in field trips, alternative assignments will be provided for any student whose parent does not give permission for the student to attend.
- C. Students who violate school rules may lose the privilege to go on field trips.
- D. When a fee is involved, every effort is made to hold the cost to a minimum. When a parent pays for a field trip, you must send cash for the payment. **NO CHECKS WILL BE ACCEPTED FOR FIELD TRIPS.**

- E. Parents are often invited to help supervise students during these trips. If you volunteer to assist in this way, younger siblings are not allowed to attend.
- F. All volunteers must undergo a background security check at the beginning of each school year.

GRADES

The Greenwood School Corporation has a standard grading procedure, as well as additional notations that may indicate work in progress or incomplete work. The purpose of a grade is to indicate the extent to which the student has acquired the necessary learning. In general, students are assigned grades based upon test results, homework, projects, and classroom participation. If a student is not sure how his/her grade will be determined, s/he should ask the teachers.

The School uses the following grading system:

100-93	A	77-73	C
92-90	A-	72-70	C-
89-88	B+	69-68	D+
87-83	B	67-63	D
82-80	B-	62-60	D-
79-78	C+	59-0	F

RESPONSE TO INSTRUCTION (RTI)

School Based Intervention Strategies

Changes in federal and state laws have directed schools to focus more on helping all children learn by addressing problems earlier within the general education setting.

These laws emphasize the importance of providing high quality, scientifically-based instruction and interventions and hold schools accountable for the adequate yearly progress of all students.

This process of providing interventions and extensions to ensure each one learns is RTI (Response to Instruction), which addresses academic, behavioral, social, and emotional factors.

What is RTI? RTI is a process to help schools focus on high quality instructional and interventions that match student needs and on monitoring student progress on a frequent basis. School personnel and

parents use the information gained from an RTI process to adapt instruction and to make decisions regarding the student’s educational program.

What are the benefits of RTI? Perhaps the greatest benefit of an RTI is that it eliminates a “wait to fail” situation because students get help promptly within the general education setting. As soon as assessment data indicates a need for a student or a group of students, educators put into place interventions or extensions to address these concerns.

While the supplemental instruction takes place, school staff monitors any progress that these students are making. These progress-monitoring techniques used within the RTI process provide information that allows teachers to better evaluate student needs and match instruction, resources and interventions/extensions appropriately.

What is the RTI Process?

Experts divide most RTI systems into a multi-tier intervention model

Tier 1	Tier 2	Tier 3
Core Curriculum (80-90% of students)	Small group interventions (5-10% of students)	Intense Interventions (1-5% of students)
Whole group/small group core differentiated instruction	For some students (At risk)	Customized interventions
Provided to ALL students in a class	Provided to students in addition to Tier 1	Provided to students in addition to Tier 1

What if my child is referred to the school’s “Team”?

- Attend team meetings. Remember, you are the expert of your child!
- Ask what interventions the school is using for academic and/or behavioral problems.
- Ask what techniques the school is using to monitor student progress and the effectiveness of the implemented interventions.
- Ask your school to provide you with regular progress monitoring reports.
- Praise your child for any progress or general improvement in the area(s) of concern.
- Implement or reinforce any strategies or interventions at home.
- When possible, make suggestions for strategies or interventions based on what you know works well at home.
- Always ask questions when things are not clear!
- Your consent is required for the school to evaluate or implement special services.

How can families be involved?

- Frequently communicate with your child’s teacher(s).
- Attend school functions such as parent-teacher conferences.

- Monitor and assist with your child's homework assignments.

What if my child is having difficulty with academics or behavior in school?

- Ask whether your school uses an RTI process, and get information on how the process works at your particular school.
- Discuss with your child any concerns you and/or the teacher have regarding academics or behavior.

GRADING PERIODS

Students shall receive a report card at the end of each 9 week period indicating their grades for each course of study for the portion of the academic term.

When a student appears to be at risk of failure, notification will be provided to the parents so they can talk with the teacher about what actions can be taken to improve poor grades.

PROMOTION, PLACEMENT, AND RETENTION

The School Board recognizes that the personal, social, physical, and educational growth of children will vary and that they should be placed in the educational setting most appropriate to their needs at the various stages of their growth.

It shall be the policy of the Board that each student be moved forward in a continuous pattern of achievement and growth that is in harmony with his/her own development.

Such pattern should coincide with the system of grade levels established by this Board and the instructional objectives established for each.

A student will be promoted to the succeeding grade level when s/he has:

- A. completed the course requirements at the presently assigned grade;
- B. in the opinion of the professional staff, achieved the instructional objectives set for the present grade;
- C. demonstrated sufficient proficiency to permit him/her to move ahead in the educational program of the next grade;
- D. demonstrated the degree of social, emotional, and physical maturation necessary for a successful learning experience in the next grade.

A student enrolled in special education shall be promoted or retained based on the opinion of the Case Conference and the student's I.E.P.

No student who has completed a grade successfully shall be retained or allowed to repeat a grade in order to improve his/her ability or lengthen his/her eligibility to participate in extra-curricular athletic programs.

Following sound principles of child guidance, the Board discourages the skipping of grades.

The Board will comply with the requirements of the Indiana Department of Education regarding the consequences for students in grade three who fail to pass the Indiana Reading Evaluation and Determination Assessment (IREAD-3). Accordingly, a student who does not pass the IREAD-3 assessment either during the assessment period in the school year or during the summer assessment window, in the following school year, will continue to receive instruction in grade three reading, will be officially reported as a third grader, and will fully participate in the grade three ISTEP+ assessment.

Good cause exemptions that may be considered are:

- A. a student who has been previously retained two times prior to the fourth grade;
- B. a student with disabilities whose case conference committee has determined that promotion is appropriate;
- C. an English learner student whose Individual Learning Plan (ILP) Committee has determined that promotion is appropriate.

The Superintendent shall develop administrative guidelines for promotion, placement, and retention of students which:

- A. require the recommendation of the professional staff for any promotion, placement, or retention;
- B. require that parents are informed in advance of the possibility of retention of a student at a grade level;
- C. assure that reasonable efforts be made to remediate the student's difficulties before s/he is retained;
- D. assign to the principal the final responsibility for determining the promotion, placement, or retention of each student.

RECOGNITION OF STUDENT ACHIEVEMENT

Students who have displayed significant achievements during the course of the year are recognized for their accomplishments. Areas that may merit recognition include but are not limited to academics, athletics, performing arts, citizenship, and volunteerism. Recognition for such activities is initiated by the staff and coordinated by the principal.

END-OF-THE YEAR ATTENDANCE AWARDS

- **PERFECT ATTENDANCE**: Student is in attendance 180 school days with NO tardies or absences reported.
- **HONOR ATTENDANCE**: Student is in attendance 177 school days or more, and the student has 3 or fewer tardies or absences combined for the entire school year.

GENERAL END-OF-THE-YEAR AWARDS

Greenwood elementary students can strive to receive recognition in the following areas:

- “A” Honor Roll: Student receives an “A” average at the end of the year.
- “A-B” Honor Roll: Student receives a “B” average at the end of the year.

HOMEWORK

Homework can be expected. Student grades will reflect the completion of all work, including outside assignments. Homework is also part of the student’s preparation for final assessments and graduation. Generally homework will not be used for disciplinary reasons but only to enhance the student’s learning.

Homework is an integral part of the education process. It provides extra practice for new concepts as well as develops organizational skills and promotes responsibility. The amount of homework assigned each evening varies by grade level. The general standard is ten (10) minutes per student’s grade. For example, a first grader may have approximately 10 minutes of homework an evening, a second grader 20 minutes, etc... This suggested amount of time does not include independent reading or studying for an exam. Contact your child’s teacher if the amount of time your child spends on homework differs greatly from this guideline.

In all cases of absences, whether excused or unexcused, students shall be expected to make up work on all the assignments missed. The make-up work shall be completed within a time period immediately following the absences as determined by the classroom teacher.

Full credit for make-up work shall be allowed for all excused absences.

If you are requesting homework to be ready at the end of the day, you must call the school office by 10:00 AM.

COMPUTER TECHNOLOGY AND NETWORKS

Before any student may enhance his/her school career through participation in the School’s computer network, s/he and his/her parents must sign an agreement which defines the condition under which the student may participate. Failure to abide by all of the terms of the agreement may lead to termination of the student’s computer account and possible disciplinary action up to and including suspension from School or referral to law enforcement authorities.

GREENWOOD COMMUNITY SCHOOLS INTERNET USAGE POLICY

The Greenwood Community School Corporation is pleased to offer its students' access to the Internet. The Internet is an electronic highway connecting hundreds of thousands of computers and millions of individual users all over the world. This computer technology will help propel our schools through the communication age by allowing students and staff to access and use resources from distant computers, communicate and collaborate with other individuals and groups around the world, and significantly expand their available information base. The Internet is a tool for life-long learning.

Families should be aware that some material accessible via the Internet may contain items that are inaccurate, illegal, defamatory, or potentially offensive to some people. In addition, it is possible to purchase certain goods and services via the Internet which would result in unwanted obligations for which a student's parent or guardian would be liable.

While the Corporation's intent is to make Internet access available in order to further educational goals and objectives, students may find ways to access other materials as well. Even if the Corporation institutes technical methods or systems to regulate student's Internet access, those methods could not guarantee compliance with the Corporation's acceptable use policy. That notwithstanding, the Corporation believes that the benefits of student access to the Internet exceed potential misuse. Ultimately, however, the parents and guardians of minors are responsible for setting and conveying to their children the standards that they should follow when using media and information sources. Toward that end, the Greenwood Community School Corporation makes the Corporation's complete Internet policy and procedure available on request for review by all parents, guardians and other members of the community and provides parents and guardians the option of requesting their minor children alternative not requiring Internet use.

NOTICE: This policy and all its provisions are subordinate to local, state and federal statutes.

A parent of each child enrolled in a Greenwood elementary school must sign permission for their child to use the Internet on the STUDENT REGISTRATION FORM. By signing permission the sponsoring parent or guardian states that he or she has read the Acceptable Use Policy and Student Guidelines for the Greenwood Community School Corporation and understands the implications. Parents who do not want their child to have access to the Internet understand that an alternate activity will be substituted for the activity that required the Internet access. For more information, please contact the building principal.

STUDENT ASSESSMENT

To measure student progress, students will be tested in accordance with State standards and Corporation policy. Additional tests are given to students to monitor progress and determine mastery levels. These tests are used to help the staff determine instructional needs. Classroom tests will be used to assess student progress and determine educational mastery levels. These tests are used to help the staff determine instructional needs. Classroom tests will be used to assess student progress and assign grades. These are selected or prepared by teachers to assess how well the students have achieved specific objectives.

SECTION III - STUDENT ACTIVITIES

SCHOOL-SPONSORED CLUBS AND ACTIVITIES

Extra-curricular activities do not reflect the School curriculum, but are made available to students to allow them to pursue additional worthwhile activities such as recreational sports, drama, and the like.

NON-SCHOOL-SPONSORED CLUBS AND ACTIVITIES

Non-school-sponsored student groups organized for religious, political, or philosophical reasons may meet during non-instructional hours. The application must verify that the activity is being initiated by the student's parents or attendance in voluntary, that no school staff person is actively involved in the event, that the event will not interfere with school activities and that school personnel do not play a regular role in the event. School rules will still apply regarding behavior and equal opportunity to participate. No non-corporation-sponsored organization may use the name of the School or the School mascot.

SECTION IV-STUDENT CONDUCT

ATTENDANCE

School Attendance Policy

It is imperative that students be in attendance each school day in order not to miss a significant portion of their education. Critical learning results from active participation in the classroom and other school activities which cannot be replaced by individual study.

The school is also concerned about helping students develop a high quality work ethic in which will be a significant factor in their success with future employers. One of the most important work habits that employers look for in hiring and promoting a worker is his/her dependability in coming to work every day and on time. This is a habit the school wants to help students develop as early as possible in their school careers.

The Greenwood Community School Corporation reserves the right to consider retention of a student at the present grade level, no matter what the child's performance, based on ten (10) or more absences.

Assignments may be obtained from the teacher beginning with the first day of a suspension. Make up of missed tests may be scheduled when the student returns to school. The student will be given credit for properly completed assignments and a grade on any made-up tests.

STUDENT ATTENDANCE AT SCHOOL EVENTS

The school encourages students to attend as many school events held after school as possible without interfering with their school work and home activities. Enthusiastic spectators help to build school spirit and encourage those students who are participating in the event.

However, in order to ensure that students attending evening events as nonparticipants are properly safe-guarded, it is strongly advised that students be accompanied with a parent or adult chaperone when they attend the event. The school will not be responsible for students who arrive without an adult chaperone.

The school will continue to provide adequate supervision for all students who are participants in a school activity.

STUDENT BEHAVIOR STANDARDS

A major component of the educational program at the school is to prepare students to become responsible workers and citizens by learning how to conduct themselves properly and in accordance with established standards.

Expected Behaviors

Students are expected to:

- Act courteously to adults and fellow students;
- be prompt to school and attentive in class;

- work cooperatively with others when involved in accomplishing a common goal regardless of the other's ability, gender, race, or ethnic background;
- complete assigned tasks on time and as directed;
- help maintain a school environment that is safe, friendly, and productive.

Classroom Environment

It is the responsibility of students, teachers, and administrators to maintain a classroom environment that allows:

- A. A teacher to communicate effectively with all students in the class; and
- B. all students in the class the opportunity to learn.

Dress and Grooming

While fashions change, the reason for being in school does not. Students are in school to learn. Any fashion (dress, accessory, or hairstyle) that disrupts the educational process or presents a safety risk will not be permitted. Personal expression is permitted within these general guidelines.

Students should consider the following questions when dressing for school:

- Does my clothing expose too much? (no)
- Does my clothing advertise something that is prohibited to minors? (no)
- Are there obscene, profane, drug-related, gang-related, or inflammatory messages on my clothing? (no)
- Am I dressed appropriately for the weather? (yes)
- Do I feel comfortable with my appearance? (yes)
- Do I have tennis shoes on for PE? (yes)

If a student has selected a manner of appearance that disrupts the educational process or presents risk to themselves or others, they may be removed from the educational setting.

The following styles or manners of dress are prohibited:

1. The building principal has the authority to ban any article of clothing or accessory which creates a disruption in the school or on school property. If you have a question about appropriate apparel, contact your child's school.
2. Clothing and/or accessories bearing patches, holes, drawings, or sayings (stated, or implied) which refer to drugs, alcohol, obscenities, violence, Satanism, or sex (stated or implied) or

generally promote a poor attitude will not be permitted. PLAIN SHIRTS ARE STRONGLY ENCOURAGED.

3. Skirts, dresses, shorts, and pants must be properly hemmed and be of a sufficient length which will not be disruptive. A sufficient length is knee length or longer. More than 2 inches above the knee is not permitted even when wearing tights or leggings under the skirt, dress, shorts, or pants. Elementary students using the playground equipment are encouraged to wear shorts under dresses or skirts. Spandex shorts are not allowed as outerwear.
4. Bare midsections are not permitted. Midsections should remain covered while raising arms, bending over, and doing side to side arm movements. Shirts should not be “cinched” or tied in any manner. If the shirt is not long enough that it could be tucked in and remained tucked in while bending and raising arms it is probably not appropriate.
5. Tank tops, sleeveless shirts and shirts with spaghetti straps require a T-shirt underneath or a shirt with sleeves over it. Capped sleeves and loose fitting shirts are discouraged if they are too loose to cover undergarments.
6. SAFE and appropriate footwear is required at all times. Children that have gym need to wear tennis shoes that cover the entire foot and fit properly. Children using playground equipment are not allowed to wear flip flops, sandals, shoes with heels higher than 1½ inches, and shoes without a strap. Clogs and Crocs are OK as long as they have a strap.
7. Any hair coloring must be a natural hair color. Examples of inappropriate hair color are pink, green, blue, etc...Hair styles and accessories which cause a distraction to the student or other students are not to be worn.
8. Clothing, jewelry, and/or accessories which are deemed disruptive and/or are a potential health or safety hazard, because of their nature or the manner in which they are worn, are not permitted. Examples include arm bands with excessive metal, oversized or multiple necklaces or chains that make a disruptive noise.
9. Hats, gloves, and coats are not to be worn during the school day inside the building. Students are encouraged to bring a proper fitting sweatshirt or sweater to leave at school or in their backpack to wear when the classroom is cold.

10. Big sized pants that fall off the hips require a belt.

11. Students that do not follow the requirements outlined in the dress code will be asked to adjust their apparel to make it appropriate. Examples: turning a shirt inside out to cover inappropriate pictures or words, changing into a clean, appropriate shirt or pants borrowed from the health room, or removing disruptive accessories. Students that continue to wear items that do not follow the dress code or wear inappropriate footwear, will not be allowed to participate in recess or may be asked to call their parent to inform them of the dress code violation. Parents may be asked to bring in appropriate items that do follow the dress code.

1st infraction—change into an appropriate item(s) and a written notice will be sent home. If the student does not have appropriate footwear, the student will not be allowed to participate in recess or PE.

2nd infraction—same as the first infraction and in addition a warning call will be made to the parent. The next infraction may result in an in school or after school detention.

3rd infraction—same as the second infraction and in addition the student will attend in school or after school detention.

Additional infractions will be dealt with on an individual basis.

Students who are representing the school at an official function or public event may be required to follow specific dress requirements. Usually, this applies to athletic/academic teams and other school groups.

Care of Property

Students are responsible for the care of their own personal property. The school will not be responsible for personal property. Valuables such as jewelry or irreplaceable items should not be brought to school. The school may confiscate such items and return them to the student's parents.

Damage to or loss of school equipment and facilities wastes taxpayers' money and undermines the school program. Therefore, if a student does damage to or loses school property, the student or his/her parents will be required to pay for the replacement or damage. If the damage or loss was intentional, the student will also be subject to discipline according to the Student Behavior Standards.

Complaints about the principal should be filed with the Superintendent, and complaints about the Superintendent should be filed with the School Board President. 20. Possession of Electronic Equipment

Most electronic equipment necessary in school is supplied by the school. Students are not allowed to bring radios, electronic toys, pagers, cellular telephones, and the like without the permission of the principal or designee. Any forbidden equipment will be confiscated and disciplinary action will be taken. **STUDENTS ARE NEVER PERMITTED TO USE SOCIAL MEDIA ON SCHOOL CAMPUS (INCLUDES ALL SOCIAL MEDIA APPS, TEXTING, TAKING PICTURES, AND TAKING VIDEOS).**

21. Use of an Object as a Weapon

Any object that is used to threaten, harm, or harass another may be considered a weapon. This includes but is not limited to padlocks, pens, pencils, laser pointers, jewelry and so on. Intentional injury to another may result in a report to the police as well as discipline by the school. This violation may subject a student to expulsion.

22. Knowledge of Deadly or Dangerous Weapons or Threats of Violence

Because the School Board believes that students, staff members, and visitors are entitled to function in a safe school environment, students are required to report knowledge of deadly or dangerous weapons or threats of violence to the principal. Failure to report such knowledge may subject the student to discipline.

23. Bullying-Harassment and/or Aggressive Behavior (including Bullying/Cyberbullying)

Bullying as defined in State law means overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any manner including digitally or electronically (includes social media and texting), physical acts committed, aggression, or any other behaviors that are committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the other targeted student and create for the targeted student an objectively hostile school environment that:

- (1) places the targeted student in reasonable fear of harm to the targeted student's person or property;
- (2) has a substantially detrimental effect on the targeted student's physical or mental health;
- (3) has the effect of substantially interfering with the targeted student's academic performance; or
- (4) has the effect of substantially interfering with the targeted student's ability to participate in or benefit from the services, activities, and privileges provided by the school.

(b) The term may not be interpreted to impose any burden or sanction on, or include in the definition of the term, the following:

- (1) Participating in a religious event.
- (2) Acting in an emergency involving the protection of a person or property from an imminent threat of serious bodily injury or substantial danger.

(3) Participating in an activity consisting of the exercise of a student's rights protected under the First Amendment to the United States Constitution or Article I, Section 31 of the Constitution of the State of Indiana, or both.

(4) Participating in an activity conducted by a nonprofit or governmental entity that provides recreation, education, training, or other care under the supervision of one (1) or more adults.

(5) Participating in an activity undertaken at the prior written direction of the student's parent.

(6) Engaging in interstate or international travel from a location outside Indiana to another location outside Indiana.

This type of behavior is a form of harassment, although it need not be based on any of the legally protected characteristics, such as sex, race, color, national origin, marital status, or disability. It would include, but not be limited to, such behaviors as stalking, intimidating, menacing, coercion, name-calling, taunting, making threats, and hazing.

Any student who believes s/he has been or is currently the victim of bullying should immediately report the situation to the building principal or assistant principal or the Superintendent. The student may also report concerns to a teacher or Student Service Advisor who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be bullying behavior directed toward a student. Reports may be made to those individuals identified above.

A student's reasons for bullying will be discussed but will not change the consequence.

Enforcement of Student Behavior Standards and Code of Conduct

1. The standards and the Code of Conduct will be enforced by school administrators, teachers, teacher aides, bus drivers, and any other adult authorized by the school to supervise students.

2. The objectives of the enforcement of these standards and the Code of Conduct are:
 - a. to protect the physical safety of all persons and prevent damage to property;
 - b. to maintain an environment in which the educational objectives of the school can be achieved;
 - c. to enforce and instill the core values of the Greenwood Community School Corporation and its school community.
3. The seriousness of the offense and nature and extent of any discipline utilized to enforce student behavior standards and Code of Conduct will be determined by:
 - a. the nature and extent of any potential or actual injury, property damage, or disruption;
 - b. the student's prior disciplinary history and the relative success of any prior corrective efforts/interventions;
 - c. the willingness and ability of the student and the student's parents to participate in any corrective action;
 - d. the interest of other students in the school in a school environment free from behavior that violates the school's behavior standards;
 - e. any other aggravating or mitigating factor or circumstance including but not limited to zero tolerance policies.

In compliance with State law, the Board may expel any student who possesses a deadly or dangerous weapon in a weapon-free school zone or commits either arson or rape in a Corporation building or on Corporation property, including school buses and other school transportation. It will make no difference whether or not the weapon belongs to someone else, unless the student can provide convincing evidence that the weapon was placed in the student's possession without his/her knowledge. If it can be confirmed that a weapon belonged to a student other than the one who possessed the weapon, that student shall also be subject to the same disciplinary action.

A weapon includes conventional objects like guns, pellet guns, knives, or club type implements. It may also include any toy that is presented as a real weapon or reacted to as a real weapon. Criminal charges may be filed for this violation. Possession of a weapon may subject a student to expulsion.

- A. A firearm is defined as any weapon that is capable of or designed to that may readily be converted to expel a projectile by means of an explosion.
- B. A deadly weapon is defined as:
 1. a loaded or unloaded firearm;
 2. a weapon, device, taser or electronic stun weapon, equipment, chemical substance, or other material that in the manner it is used, or could ordinarily be used, or is intended to be used, is readily capable of causing serious bodily injury.

Disabled students under IDEA or Section 504 shall be expelled only in accordance with Board Policy and Federal due process rights appropriate to disabled students. Students who qualify for service under IDEA or Section 504 may be expelled only after a manifestation determination has been held.

A student who has been expelled may apply for reinstatement in accordance with guidelines.

DISCIPLINE

It is important to remember that the school's rules apply going to and from school, at school, on school property, at school-sponsored events, and on school transportation. In some cases, a student can be suspended from school transportation for infractions of school bus rules. The Board has also extended the authority for school administrators to impose discipline for unlawful activity by students that occurs on or off school property if the activity interferes with school purposes or the educational functions of the school. This authority applies to unlawful activity that may occur on weekends, holidays, and other school breaks including summer recess.

Ultimately, it is the principal's responsibility to keep things orderly. In all cases, the school shall attempt to make discipline prompt and equitable and to have the punishment match the severity of the incident.

Two types of discipline are possible, informal and formal.

Informal discipline takes place within the school. It includes but is not limited to:

1. writing assignments;
2. change of seating or location;
3. before school, lunch, recess, or after school detention;
4. in-school restriction;
5. removal from a class or activity

Detentions

A student may be detained after school or asked to come to school early by a teacher, after giving the student and his/her parents a one (1) day notice. The student or his/her parents are responsible for transportation.

Removal

The teacher in charge of a class or activity when a student poses a threat to a safe, orderly, and effective educational environment may remove the student from the classroom or activity.

Such removal may be from the classroom for an entire school day.

In-School Suspension—In-School Discipline

The in-school suspension will be in session during the school day.

Suspension

The principal may deny a student the right to attend school and/or take part in any school function for up to a maximum of ten (10) consecutive school days.

An expulsion is a removal from school attendance and any school function for a period of more than ten (10) days.

EXPULSION FOR FIREARMS POSSESSION

Any student who is found to possess a firearm on school property shall be reported immediately to law enforcement officials. In addition, s/he shall be subject to expulsion for a period of (1) year.

DUE PROCESS RIGHTS

Before a decision is made as to whether or not to suspend or expel a student from school, the school will follow specific procedures.

Suspension from School

When a student is being considered for a suspension, the administrator in charge will notify the student of the reason. The student will then be given an opportunity to explain his/her side. After that informal hearing, the administrator in charge will make a decision whether or not to suspend. If a student is suspended, his/her parents will be notified, in writing, of the reason for and the length of the suspension.

The Appeal Process

The suspension may be appealed after receipt of the suspension notice, to the administration office. The request for an appeal must be in writing and made within two (2) days after notification.

During the appeal process, the student shall not be allowed to remain in school. When a student is suspended, s/he may make-up work missed after returning to school.

Any learning that cannot be made up such as labs, field trips, skill-practices, and the like or any learning that the student chooses not to make up may be reflected in the grades earned.

Expulsion from School

If, in the principal's opinion, the alleged infraction warrants a longer period of removal from school, s/he shall refer the case to the superintendent for consideration for expulsion. The Superintendent shall review the case and may appoint a designee to conduct the expulsion meeting. This person may be an attorney or an administrator who has not been involved in the particular expulsion case or circumstances leading to it.

Notice of Expulsion Meeting

The student and/or the parent(s) will be notified of the time and place of the expulsion meeting and their rights in connection with that meeting as well as their rights to waive the meeting if they choose to do so. The expulsion examiner, appointed by the Superintendent will issue a written decision following the expulsion meeting.

Appeal of an Expulsion

Upon receipt of a written appeal, the Board shall hold a meeting to consider the written evidence and arguments presented at the expulsion meeting. The Board may then decide to uphold the expulsion, authorize alternative disciplinary action, or decide no disciplinary action is necessary.

The student or his/her parents may appeal the Board's decision to the appropriate court.

SEARCH AND SEIZURE

Search of a student and his/her possessions, including vehicles, may be conducted at any time the student is under the jurisdiction of the Board of School Trustees, if there is a reasonable suspicion that the student is in violation of law or school rules. A search may also be conducted to protect the safety of others. All searches may be conducted with or without the student's consent by school authorities.

Students are provided lockers, desks and other equipment in which to store materials. It should be clearly understood that this equipment is the property of the school and may be searched at any time if there is reasonable suspicion that a student has violated the law or school rules. Locks are to prevent theft, not to prevent searches. Anything that is found in the course of a search that may be evidence of a violation of school rules or the law may be taken and held or turned over to the police. The school reserves the right to not return items which have been confiscated.

Use of Dogs

The Board authorizes the use of specially-trained dogs to detect the presence of drugs and devices such as bombs on school property.

The dog may be allowed to examine school property such as lockers or students and items in their possession, but any search of a student's person will be based upon individualized reasonable suspicion in addition to any information resulting from the dog's examination.

Use of Breath-Test Instruments

The principal may arrange for a breath test for blood-alcohol to be conducted on a student whenever s/he has individualized reasonable suspicion to believe that a student has consumed an alcoholic beverage.

The student will be taken to a private administrative or instructional area on school property with at least one other member of the teaching or administrative staff present as a witness so the test.

The purpose of the test is to determine whether or not the student has consumed an alcoholic beverage. The amount of consumption is not relevant, except where the student may need medical attention.

There is the possibility that a "false-positive" result could be obtained. If the student believes that the test is inaccurate s/he may request an immediate retest be administered by local law enforcement authorities.

If the result indicates a violation of school rules as described in this handbook, the student will be disciplined in accordance with disciplinary procedures described in this handbook. If a student refuses to take the test, s/he will be advised that such refusal is a violation of school rules and will subject the student to disciplinary action. The student will then be given a second opportunity to take the test.

STUDENT RIGHTS OF EXPRESSION

The school recognizes the right of students to express themselves. With the right of expression comes the responsibility to do it appropriately. Students may distribute or display, at appropriate times, non-sponsored, non-commercial written material, buttons, badges, or other insignia and the like. All items must meet school guidelines.

- A. A material cannot be displayed or distributed if it:

1. is obscene to minors, libelous, indecent, or vulgar,
2. advertises any product or service not permitted to minors by law,
3. intends to be insulting or harassing,
4. intends to incite fighting; or
5. presents a clear and present likelihood that, either because of its content or manner of distribution or display, it will cause or is likely to cause a material and substantial disruption of school or school activities (such as party invitations), a violation of school regulations, or the commission of an unlawful act.

CRIMINAL GANGS AND CRIMINAL GANG ACTIVITY

In accordance with Indiana Code 20-26-18, a copy of the school corporation's policy addressing criminal gangs and criminal gang activity in schools may be found on the district website at gws.k12.in.us, policy 5840.

STUDENT SUGGESTIONS AND COMPLAINTS

The school is here to educate and benefit the students. The staff is here to assist a student in becoming a responsible adult. If a student has suggestions that could improve the school, s/he should feel free to offer them. Written suggestions may be presented directly to the principal or to the student government.

When concerns or grievances arise, the best way to resolve the issue is through communication. No student will be harassed by any staff member or need fear reprisal for the proper expression of a legitimate concern. As with suggestions, concerns and grievances may be directed to the principal.

If the student believes s/he has been improperly denied participation in a school activity or has been subjected to an illegal rule or standard, the student may file a grievance with the principal. That grievance will be promptly investigated and findings will be shared with the student. A student may not use the grievance procedure to change a grade.

GENERAL PLAYGROUND AND PHYSICAL EDUCATION RULES

Students are required to read and discuss the following rules with their parents:

1. The students are not permitted to use vulgar, rude, and/or inappropriate language. The students are expected to display respect to each other and the adult supervisors or teachers.

SECTION V – TRANSPORTATION

RIDING A SCHOOL BUS

Riding a school bus is a privilege extended to our students. This privilege can be taken away anytime for disruptive or unsatisfactory conduct. All children being transported are under the authority of the bus driver and must obey his or her requests. The school will give drivers full support.

When a child has violated bus rules, the bus driver will issue a “School Bus Conduct Report” for the student to take home to his or her parents. This report identifies the rules broken by the child and whether the student is to be denied a seat on the bus in the future. This report is to be signed by the parent and returned to the bus driver by the student on the next school day.

Most problems concerning bus transportation can be resolved by contacting the Director of Transportation at 889-4099.

NOTE: If for any reason a student must ride a different bus rather than the regular bus the student rides daily, **THIS REQUEST/CHANGE MUST COME FROM THE PARENT IN WRITING.** In an extreme emergency, a phone call can be made to the school office before 2:00 PM.

Students who are registered with the Greenwood Community Center’s Latch Key Program may ride a Greenwood bus. STUDENTS MUST HAVE THEIR GREENWOOD COMMUNITY CENTER REGISTRATION/PASS IN ORDER TO RIDE THE BUS TO THE COMMUNITY CENTER. NO EXCEPTIONS TO THIS RULE.
