

Outrageously Dependable®

Interstate Batteries would like to extend commercial pricing to all of the employees of Greenwood Community Schools. All they need to do is let the store associate know that they are an employee of Greenwood Community Schools. There is an Employee-Greenwood Community Schools account that we will run the transactions thru so the employee's receive the proper discount.

Interstate offers Every Battery for Every Need.

Batteries for your car, watch, key fob, flashlight, cell phone, laptop, and many more applications. Come visit us at any of our three Indianapolis area locations.
