Nurse’s Note!

Reminder to all parents: to keep our students safe, please do not send medications to school with students in their backpacks. We don't want to risk students getting the medication out and giving it to themselves or other students or forgetting that it's in their backpack. All prescribed and over-the-counter medications need to be brought into the clinic by a parent and a consent form will need to be signed. The exception to this would be if you want to send a few cough drops in a bag with your student. You must write a note giving permission for the teacher to keep them in the classroom and give them to the student as needed.
